Hi Jane – We just received the update below RE bald eagle around Sheffield.

This date (OCT 10) can be used in the response to the FEIS comment (# 10-39) that had requested an update from the DEC.

Sincerely,

Hi Bruce,

The location you provided does not fall within the Bald Eagle screening buffer and the project is not likely to result in incidental take of the species. However, new Bald Eagle nests can be established during each nesting season and the applicant should check back with the Department to determine if any new information is available.

Best,

Joseph Caruso
